AMENDMENT

Hon. Commissioner of Patents
Washington, DC 20231

Sir:

In response to the Examiner's Action dated October 13, 2000, kindly amend the
above-identified application as follows:

IN THE CLAIMS:

Please amend claims 1 and 10 as follows:

1. (Twice Amended) A method of transmitting an [the] identity of a calling
subscriber (subscriber A) to a called subscriber (subscriber B) in a mobile communication
system comprising switching centers for establishing a speech connection between the
subscriber A and a mobile station assigned to the subscriber B, and a home location register
(HLR) associated with a network for permanent storage of subscriber data on mobile stations
(MS) registered in the network, and at least one visitor location register (VLR) for temporary
storage of subscriber data on the mobile stations (MS) located [location] in a geographical
area monitored by the visitor location register, wherein one of the switching centers is
